

**This year 2,000 students are proving
demography does not define destiny.**

Join us—help KIPP Bay Area Schools provide:

- an excellent public school option in Bayview Hunters Point and Western Addition in San Francisco, East San Jose, San Lorenzo, and West Oakland
- a proven path to and through college for all students, regardless of previous academic record—*85% of KIPP alumni nationwide have matriculated to college, compared to the national average of 40% for low-income students*
- a longer school day and year to focus on academic achievement *and* character development, with time for music, sports, and enrichment
- school autonomy in decisions over staff, salaries, and budget priorities
- teachers available by cell phone at night and on weekends
