

**Notice of Community Meeting for  
KIPP King Collegiate High School Expansion Project**

Dear Neighbors,

As many of you know, KIPP King Collegiate submitted plans to the Department of State Architects and Office of Public School Construction to expand the high school campus in 2008. In cooperation with San Lorenzo Unified School District, KIPP King Collegiate High School, located at 2005 Via Barrett, will replace the portables currently housing high school students with new buildings and upgrade the field. Our goal is to ensure that students in San Lorenzo have the quality educational facilities and play fields they deserve.

After several years of waiting for State financing, KIPP King Collegiate has received funding and is ready to break ground in mid-February. We would like to invite you to a meeting to update you on the campus expansion plan and let you know what to expect during construction. We welcome an open discussion with the community on:

**Monday, February 6, 2012  
KIPP King Collegiate High School  
2005 Via Barrett, San Lorenzo  
6:00-7:00pm**

After brief presentations from the school principal, project architect, and contractors, we will conduct a Q&A session to address any questions or comments.

We are committed to ensuring that the students of San Lorenzo have the resources they need to gain an excellent education. A proper school facility is just one ingredient in that equation for success and we look forward to building a lasting public school of excellence in the community.

Sincerely,

Tracy Hanna  
Director of Growth  
KIPP Bay Area Schools

Jason Singer  
Principal  
KIPP King Collegiate High School

CC: Dr. Lowell Shira, Assistant Superintendent, San Lorenzo Unified School District
